Experience

▶ Co-Founder
JustGrab

📅 11/2019 - 8/2020   📍 Bangalore, IN

JustGrab serves the purpose of providing a compelling Pre-food ordering experience for those who don't wish to wait in a queue. Reached 500+ downloads within a month

▶ Data Scientist
Purpos.ai

📅 8/2019 - 6/2020   📍 Bangalore, IN

Purpos is a sports tech startup that focused into bringing digital transformation to sports academies across globe.
Finalist at Nasscom Design4India 2019.
My role involed data analysis, building & deploying ML models onto AWS, growth strategy, customer acquisition.

▶ Founder, Trainer
CoderPhile

📅 6/2018 - Present   📍 Bangalore, IN

Developers community, driven to enrich the skills of an individual in the field of Programming, Data Science & Entrepreneurship

Skills

- Entrepreneurship
- Growth Hacking
- Product Development
- Adaptive Learning

Education

🎓 B.E in Information Science Engg
JSS-ATE Bangalore, IN

📅 2016-2020   📝 CGPA - 7.0

Tech Stack

Python   MySQL   MongoDB   NLP   Tableau

ML & AI Algorithms   Tensorflow 2.0 & Sk-Learn

AWS - SageMaker, RedShift, EC2, Lambda   Git

Flutter   Flask   Docker   Dialogflow

Projects

- **Autofill - AI**
Automated system that uses Neural Net concepts to understand and autofill with next corresponding word of a perticular sentence.

- **Fast Track Content - NLP**
This project aims at building a content modelling system in which your data is summarised to required content so that you read more in less time. Uses NLP and Google Text to Speech

- **Loan Estimator Intelligence - ML**
Code that performs analysis to find patterns of loan defaulters & predictions using ML techniques to automate the process

- **Customer Analysis - Tableau**
Using data of US bank to find patterns across their customers & gains insights using BI tools for targetted campaigns

- **Next Talent - ML**
Machine learning system that tracks and measures sportsman's performance over a period of time to predict growth by making them the next talent

Acheivements/Certifications

- Infosys Certified Software Programmer
- Top 20 at Hackathon by Honeywell
- Active member at E-Cell JSS-ATE B
